A Message from our National Director, Mr John Hasse

We believe that our girls have the right to decide their own futures, that is why we have been part of the Ending Child Marriage campaign since 2018. We have retrieved more than 600 girls from child marriages and now we need to ensure that the girls that have been retrieved do not go back.

Education plays a critical role in keeping girls safe from child marriage. The longer a girl stays in school, the less likely she is to be married before the age of 18. Similarly, families that have increased economic opportunities, are less likely to perceive their daughters as means to a livelihood through dowry payments. Through the 'Strong Girls Strong Zambia' fundraising campaign you can give the gift of education to vulnerable girls that have been retrieved from child marriages. You can also provide families with livelihood opportunities which will prevent child marriages from occurring as a result of financial need. Partner with us so that we can build a strong nation one girl at a time.

Products for her education

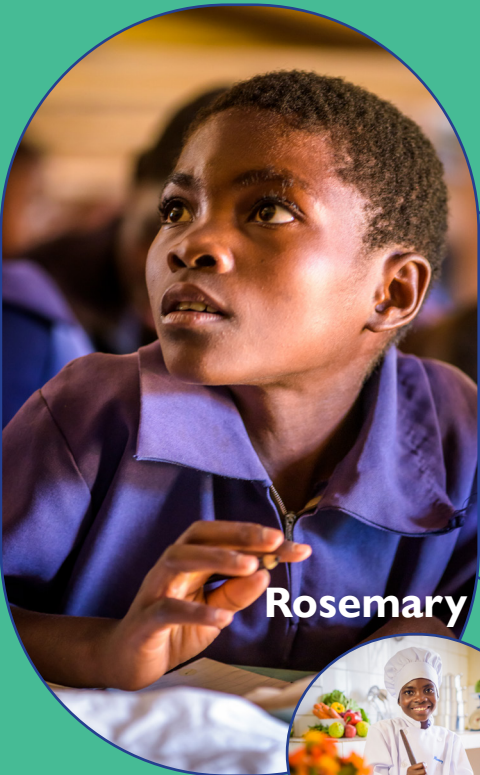

When girls receive an education they acquire knowledge and skills that help them contribute to society and they gain confidence to make informed decisions about their lives. With a gift of K9,500 per year, you can help vulnerable girls like Bupe complete their tertiary education and build a strong foundation for their future.

Milando Primary School, Mungwi District constructed by Toyota Zambia in partnership with World Vision Zambia

Did you know that schools with inadequate infrastructure is one of the main factors impacting academic performance. Dilapidated classrooms, overcrowding, lack of boarding facilities and inadequate water, sanitation and hygiene infringe on the learners right to quality education. Schools with inadequate menstrual hygiene facilities force female students to remain at home resulting in pupils missing school and sometimes dropping out all together. Lets do our part to create infrastructure for 8 schools in Pemba, Isoka, Kapiri Mposhi, Chisamba and Kasama Districts that will keep the girl child safe and in school.

Products for her family

With your gift of five goats you can empower a family to become financially independent. A goat can provide a family with fresh milk and added income that will keep the girl child in school.

Milton Mudenda belongs to a Savings Group and was trained in conservation farming (Farming Gods Way). He now trains others in high-yield agriculture that causes minimal disturbance to soil. With a gift of a food security pack you can help families like Milton break the cycle of poverty so that they can become financially independent and provide a good life for their family.

World Vision

World Vision is a Christian relief, development and advocacy organization dedicated to working with children, families and communities to overcome poverty and injustice. Inspired by our Christian values, we are dedicated to working with the world's most vulnerable people. We serve all people regardless of religion, race, ethnicity or gender.

We believe a world without violence against children is possible, and World Vision's global campaign '*It takes a world to end violence against children*' is igniting movements of people committed to making this happen. No one person, group or organization can solve this problem alone, it will take the world to end violence against children.
